Project Summary (Maximum 100 Words):

Research Codes (if applicable; refer to [JCU Research Office web site](#)):

FoR	%	SEO	%
-----	---	-----	---

Experimental Development

PART 2: THE PROPOSED RESEARCH

6. Research Project

Project Description (maximum 20 lines):

How will this project contribute to high quality research outcomes/outputs at the DRO? (maximum 10 lines)

7. Budget

Include details of items requested, priorities and amounts requested (up to a total of \$3000). Use the dollar values for DRO resources based on the charges listed in the [Schedule of Fees](#). All applicants can access JCU student rates on crane and accommodation. Note that accommodation is only available from June 2014 onwards- before then, applicants must find accommodation offsite at their own expense. Crane use includes accommodation and laboratory access, however ground-based research does not and accommodation must be budgeted by these users.

Crane Use	Priority	Funds Requested
-----------	----------	-----------------

Accommodation	Priority	Funds Requested
---------------	----------	-----------------

Other	Priority	Funds Requested
-------	----------	-----------------

8. Budget Justification

Justify each item and priority in your budget.
